

Amendments to the Specification

Please replace the paragraph starting on page 6, line 5, with the following paragraph:

The invention relates to compounds of the formula I ~~according to Claim 4~~ and their physiologically acceptable salts or solvates as glycoprotein IbIX antagonists.

Please replace the paragraph starting on page 6, line 12, with the following paragraph:

The invention relates to the compounds of the formula I ~~of claim 4~~ and their salts or solvates, and to a process for the preparation of the compounds of the formula I

Please replace the paragraph starting on page 8, line 16, with the following paragraph:

in which R^2 , R^3 , Z, n and m have the meanings indicated previously in Claim 1,
to give a compound of formula IV

Please replace the paragraph starting on page 8, line 16, with the following paragraph:

in which R^4 and Y have the meanings indicated previously in Claim 1,
or

Please insert the following paragraph into the specification on page 26, line 19:

Preferred compounds of the invention are

- a) 3-(3-aminomethyl-benzyl)-2-[2,2']bithiophenyl-5-yl-6-methoxy-3H-quinazolin-4-one,
 - b) 3-(3-aminomethyl-propyl)-2-[2,2']bithiophenyl-5-yl-6-chloro-3H-quinazolin-4-one, and
 - c) 3-(3-aminomethyl-propyl)-2-[2,2']bithiophenyl-5-yl-7-chloro-3H-quinazolin-4-one,
- and their physiologically acceptable salts and solvates.

Please replace the paragraph starting on page 35, line 13, with the following paragraph:

with the proviso

if Y is vinyl, R^4 is phenyl, Z is absent, n is 1, m is 1 and R^2 and R^3 are ethyl, then R or R^1 is not NH_2 ,

if Z is absent, Y is absent or vinyl, R^4 is phenyl, phenylalkyl, alkoxyphenyl or pyridyl, R is H and R^1 is NH_2 , then R^2 and R^3 are not A,

and if Z and Y are absent, then R^4 is not phenylalkyl

and/or one of its physiologically acceptable salts, which are prepared, in particular, in a non-chemical way. In this case, the compounds of the formula I ~~according to Claim 4~~ can be brought into a suitable dose form together with at least one solid, liquid and/or semi-liquid excipient or auxiliary and, if appropriate, in combination with one or more other active compounds.

Please replace the paragraph starting on page 38, line 9, with the following paragraph:

Analogously, by reaction of the p-nitrophenylcarbonate resin (1) with the bis amines of formula IIIa in which Z is absent, R^2 and R^3 are H and n and m has the meanings indicated previously in Claim 1, excluding propane-1,3-diamine,

Please replace the paragraph starting on page 38, line 21, with the following paragraph:

Analogously, by reaction of the p-nitrophenylcarbonate resin (1) with the bis amines of formula IIIb in which Z is phenylene, R^2 and R^3 are H and n and m has the meanings indicated previously in Claim 1,
